

Brenlin

Window Shades

—Look much better, last longer!

Brenlin shades are the cheapest you can buy. True, they cost a trifle more than ordinary shades at first, but they last several times longer. For Brenlin is made of closely woven cloth without the "filling" that makes other shades crack, wrinkle, fade and show unsightly "pin holes." Brenlin Shades always hang straight and smooth, and really shade. It is false economy not to have them.

BRENLIN is made in many artistic tones and in Brenlin Duplex—colored one side, white the other. Come in and let us show you samples and quote prices.

SAYS SCIENCE HOLDS SECRET

"Study and Talk," Says Wife, "I Don't Love You;" Judge Gives Man Absolute Divorce.

New York.—Frederick W. Vroom, a mining engineer, was granted a final decree of divorce from Maude M. Vroom by Supreme Court Justice Newburger.

The record in the case shows that Vroom appealed to his wife, after she had separated from him, to return to her home, and she told him that if he consulted a scientist he would soon be consoled to her absence. She is now said to be living in Los Angeles, Cal., as the wife of Emil Moulter Heinsey, a teacher of the French language.

"I asked you not to write," she replied to a particularly strong letter from her husband, "and knowing my dread and weakness, you did it just the same. When I analyze it myself it does seem to me right."

"The same feeling should prompt you to say to me, 'Yes, go. I know you don't love me.' What do you want with a woman without her heart and soul?"

"I am very, very sorry. But I am determined to be true to myself, no matter what happens. I've never been free before."

"Go to a scientist, study and talk. In a month you will see how and why no one can really help us. We must work it out alone."

The chief witness in the divorce proceeding was A. E. Lightener, attorney of the United States land office, Bakersfield, Cal. He testified that Mrs. Vroom lived in Los Angeles as "Mrs. Heinsey," after she had taken a long trip to Mazatlan, Mexico, with the French instructor.

MAN ENTOMBED FOUR DAYS

When Rescued He Is Unconscious and Almost Frozen—3,000 Cubic Meters of Soil Removed.

Milan.—Military engineers toiling in squads of fifty over an uninterrupted stretch of eighty-five hours have effected a marvelous rescue at Verona.

While working at the bottom of a deep well a mason named Maccacaro was buried alive through the falling in of the sides. His son, who had just managed to escape upon his father's peremptory order as soon as the danger became apparent, ran off to the barracks to raise an alarm. The rescuers, buoyed up with but small hopes of reaching the victim alive, were obliged to excavate a species of amphitheater to a depth of 40 feet. In the process no less than 3,000 cubic meters of soil and stone was removed; in other words, as much debris as a gang of twenty diggers would normally excavate in a couple of months' hard work.

The rescue corps had got well into their fourth day's exertions before Maccacaro was unearthed, unconscious and half frozen, beneath a heap of fallen scaffolding, which had chanced to form an archwork over his bruised and prostrate body and so saved his life. Despite his terrible experience Maccacaro is steadily recovering.

ARE LOCKED IN BY BURGLARS

Family Penned Upstairs by House-Breakers After Alarm Wires Are Cut.

Woodbury, N. J.—Burglars made another call on Postmaster Isaac Haines, but they took precautions not to meet the fate of a midnight visitor at the Haines home two years ago, when an intruder was shot by the postmaster. On this trip the burglar locked the postmaster and his family upstairs, detached the alarm wires and then opened all the doors on the first floor, so a hasty retreat could be made. The telephone boxes and money drawers were looted and considerable stock was taken from the store. The store of Charles Hughes was also visited, and the haul from the two places was large enough to fill a wagon.

U. S. PAYS CIVIL WAR DEBT

Government Remits \$1.77 Owed to Union Veteran for Forty-Nine Years.

St. Paul, Minn.—Another proof that Uncle Sam is honest and will pay his debts as soon as he can is on exhibition at the office of Julius Schmah, secretary of state, at the capitol. It is a check for \$1.77 which was received by Charles A. Rose, document clerk. Uncle Sam has been owing Mr. Rose this money ever since 1863 and has at last got enough ahead to pay the debt. In 1863 Mr. Rose was transferred from one company of volunteers to another and at the time of his transfer there was due him \$1.77. The amount was never paid and Mr. Rose had even forgotten that he had it coming until the check arrived a few days ago.

Fattening Hogs on Prunes.

Palouse, Wash.—M. V. Ewing, a pioneer farmer living eight miles west of here, has a twenty-five acre prune orchard which he says has yielded big returns for many years. In answer to suggestions that it would pay to dig up his orchard and plant the land to wheat, he replied, "If none of the crop was marketed, the orchard would pay if devoted entirely to hogs. 'Hogs would not only thrive and grow well on prunes after they began to fall from the trees, but they would fatten on them alone without feeding a pound of grain.'"

W. T. Bracks, Druggist

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE The CARDUI Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.
